"Paranormal fans looking for their new taste of vampire romance won't want to miss this exciting, sensual story of old world lore and modern day mayhem... a scorching introduction to the Dark Warrior Alliance" ~ RT Book Reviews "The only thing I found wrong with this story was that it ended. The good news is that there is another book. This is a page turning action packed romance. It had me on the edge of my seat from the first page until the last; if I didn't have to go to work I would not have put the book down until I finished it." "I totally loved how this drew me in from the get-go.The best part is the friendships that Elsie crafts with the warriors, and seeing how they all stand up for her and with her is so heartwarming! I can't wait to learn more about the Tehrex Realm!" "I want to put your mind at ease ladies and gents, this book is not all about romance. You will have a fair amount of comedy, in fact, I still re-read some parts just to have a good laugh. Some characters such as our dear Elsie will make you laugh out loud, so be aware of where you are reading and who is around, if you don't want people to look at you as if you were crazy. Ladies, there are some handsome men in kilts for you! I am not telling you the exact chapter or you will be running to those! Ancient traditions, blood exchange, a hell of some action scenes and, of course, a passionate romance that, unlike others, doesn't feel rushed at all. In fact, Elsie sent Zander to the friend zone for a while!" Read three of her books in two days and can't wait to get the next one....these are the kind of books I would love to see as movies" "Wow, this book is fantastic....I like that Cai and Jace never hid their attraction to each other and their chemistry was so beautiful. It makes me believe the author herself knows a thing or two about love and the risk to try it." "Wow. There is so much packed into this book that I'm not even sure where to start. As you can figure out, there's some humor in these stories, some smexiness and lots of paranormal twists and turns! The characters - and I mean CHARACTERS - from the first book are back again, and the layers of the Tehrex Realm and the battle therein continue to build and leaves this reader anxiously awaiting the next segment of the story!"
